Welker Exhibiting at Fabtech

Product Spotlight: Aluminum Shot Pins

Welker introduces an aluminum version of its popular UB Series shot pins. Compact and lightweight, the 25mm stroke UB2 weighs just 4.5 lbs. Integrated anti-rotate ram is precision machined of high strength aluminum and hardcoated for added durability. Available in 25, 50 and 75mm stroke lengths, they are ideal for end effectors and other applications where weight is the primary design driver. For more info and videos visit <http://www.welkerproducts.com/shotpins.php>

Sales Spotlight: Blue Ridge Industrial Sales

Welker is represented in Tennessee, Georgia, Alabama and Florida by Rodger Burgess and Jeff Martin of Blue Ridge Industrial Sales Inc. With a Certified Professional Manufacturers Representatives (CPMR) on staff, they specialize in components and systems for assembly and machine automation. Stop by the Welker booth at Fabtech to say hello or contact their Atlanta, Georgia office at (404) 697-6631.

Upcoming Events

Welker will be showcasing a variety of innovative automation components at Fabtech Expo, November 11-13 in Atlanta, Georgia. New products include the Part Presentation Slide, Rota-Flex rotary indexer, and Wire Clamp. Sales engineers will be on hand to help visitors learn how to make their welding and assembly processes more efficient and cost effective.
